TRAVELKIT-RED-WL

Ergonomics Anywhere

For serious mobile professionals, the laptop track pad just doesn’t cut it. That is why the Contour Travel Kit comes equipped with a RollerMouse Red Wireless and a Balance Keyboard. Now you can have the ultimate in office ergonomics on the go with you.

Made for Travel

The Contour Travel Kit has been designed for the mobile professional, so that they can travel with their workstation without sacrificing ergonomics for the sake of portability. The travel sleeve is specially designed to fit a RollerMouse, Balance Keyboard, Laptop Stand, and charging cables in one portable package.

The Right Height

The Laptop Stand rounds out our Travel Kit and allows users to set their laptop at the proper height and distance for them.

By incorporating the Laptop Stand, users sit upright and reduces slouching which can cause strain on the neck and back.
