

# Contour Balance Keyboard

## Closing the gap between you and your workstation

The Balance Keyboard is a keyboard that has been specifically designed to fit the RollerMouse Red, Red Plus, and Free.

The Balance Keyboard puts hands in the perfect typing and mousing position.

## Comfort is key

Designed specifically for use with the RollerMouse, the Balance Keyboard positions users in an improved, stress-free position. Hands stay closer to the action and within reach of both the rollerbar and keyboard keys.

Balance Keyboard’s adjustable legs and tilt options allow for easy adjustability into negative, neutral, and positive typing angles.

## Increased functionality

Balance Keyboard’s media keys perform useful everyday tasks and can easily be programmed to suit your specific needs. Traditional function keys (F1-F12) are also available, and easily accessible through the Fn lock feature.
